

## **NOTICE OF PUBLIC WORKSHOP**

Brazoria County and the Texas Department of Transportation (TxDOT) will conduct a public workshop regarding phased construction for CR 220: from SH 288 to FM 523. The public workshop will be held on June 21, 2012 at Angleton Junior High School located at 1201 Henderson Road, Angleton, TX 77515 in Brazoria County. The public workshop will be in an open house format from 5:30 p.m. to 7:30 p.m.

The purpose of the workshop is to present to the public the construction phase plan for the CR 220 improvement project. The ultimate design includes widening CR 220 from two lanes to four lanes from SH 288 to approximately 0.51 mile east of SH 288B. Additionally, this project extends CR 220 on new location to intersect with FM 523. These improvements require approximately 86 acres of additional right-of-way along the north side of the existing facility. The total length of the CR 220 improvement project is approximately 3.8 miles. Construction is anticipated to begin in late 2012 and will be conducted in phases. The duration of construction is estimated to be 2 years.

Exhibits showing the construction phase plan, aerial photography and engineering drawings of the project will be presented at the workshop. Representatives from Brazoria County, TxDOT and their study team will be available to answer individual questions. Other information about the project is on file and available for review and copying at the Brazoria County Engineering Department, 451 N Velasco, Suite 230, Angleton, Texas 77515.

Persons interested in attending the public workshop who have special communication or accommodation needs are encouraged to contact TxDOT's Public Information Office at 713-802-5072 at least two working days prior to the workshop. Since the public workshop will be conducted in English, any requests for language interpreters or other special communication needs should also be made at least two working days prior to the public workshop. TxDOT will make every reasonable effort to accommodate these needs.
